## Specifications

Parameter	Technical Specs
Protocol	EPC global UHF Class 1 Gen 2 / ISO 18000-6C
Frequency	902~928MHz or customized
RF output power	0dbm-33dbm (adjustable)
Built-in antenna	12dBi
Polarization mode	Linear polarization
Reading distance	0-20M
RSSI	Support
Standard interface	RS232, Wiegand, Relay
Power supply	12V 2A
Card reading prompt tone	Buzzer
Indicator light	Strip light, red & green
IP protection level	IP65
Operating temperature	-10~+55°C
Storage temperature	-20~+75°C
Dimensions	415*415*67mm
Net Weight	3.1kg
