Specifications

Parameter	Technical Specs
Product dimension(mm)	100*25*1
Product material	PET + aluminum foil + foam
Weight(g)	1
Color	White
Operating temperature	-20°C to +80 °C
Protocol	ISO/IEC18000-6C&EPC C1 G2
Operating frequency	860-960MHz
EPC	128 bits
Product readability	>5 M
Data Retention	> 10 years
The number of erases	100,000 times
Encapsulation process	Inverted Package Compounding
Service Life	> 3 years
Installation	Adhesive Pasting
Environmental Standards	RoHS
Attachment processes	Printing, laser, writing data
